

## KOA-550

### 5 POCKET NOTE SORTER

Revolutionary best describes the KOA-550. This ultimate banknote sorter has five pockets that ensure extremely high productivity along with accuracy in daily banknote processing. Also, the KOA-550 possesses an extremely small footprint. Its relatively small size, compact body and quiet operation, allows it to be placed in any area of your office. Additionally, the KOA-550 includes software for multiple currencies and is upgradable for new series notes and counterfeits via USB.
