

## 10 CURRENCIES AVAILABLE

# Racer

## 2 POCKET NOTE COUNTER

The one word that best describes the Racer is “REVOLUTIONARY”. All of the features you need are available in one compact machine. Ability to handle 10 currencies, dual-operation, fitness and denomination sorting as well as facing/orientation are available for teller and backyard operation with this top-notch machine. Another feature includes a 4.3 inch large color touch panel remote display that makes Racer extremely user-friendly. All note paths are totally accessible and also Racer can enable you to process not only banknotes but gift and other service certificates. Racer is upgradable for new series notes and counterfeits via USB. Your total satisfaction is certainly guaranteed with RACER.
